## Experience

### Motion Designer, I24 News

2023-2024

Designer for international prime-time broadcasts. The role included designing show packages, maps, daily graphic work and creating MGRT templates to streamline workflow processes. Collaborated closely with reporters and the content team.

### Freelance Designer

2018-2023

Worked with clients to create visual content. Managed all aspects of production from initial concept to final delivery, ensuring precise results.

## Education

### Bezalel Academy of Arts and Design

2018-2022

Bachelor's Degree, Screen-Based Arts, 3D Animation Specialization

### Head of TOM Bezalel Community

2021

Managed the TOM Bezalel community, organizing events and working with diverse professionals and people with disabilities to create affordable technological solutions.

## Service

### Reut Institute

2017-2018

Engaged in various projects at the institute, I managed community initiatives, led technology and 3D printing workshops, organized events, handled budgets, worked with sponsors, and conducted market research.

### Anu Museum

2016-2017

Historical and experiential guidance for diverse audiences and ages.
